THE MINISTER OF URBAN DEVELOPMENT (SHRI JAGMOHAN): (a) to (c) DDA has reported that as per policy/Building Bye-laws, the basement is meant for common parking and services and the same is not allotted to any individual member. It is the responsibility of the Management Committee of each Society to ensure that the basement is used only for bonafide purposes.

So far as the Delhi Cooperative Group Housing Society is concerned, the basement of the said Society was sealed by the DDA on account of unauthorised construction during the period when the area was within the jurisdiction of the DDA. Now, the area stands transferred to the MCD w.e.f. 26.11.1997. Accordingly, the relevant records of the building activities of the said Society have been transferred to the MCD.

Besides the above, a general reference has been made to the Registrar of Cooperative Societies, Government of NCT of Delhi stating that the basements constructed by various Cooperative Group Housing Societies are not being put to the prescribed use. As such, they should take further necessary action to prevent the misuse of the basements meant for common parking and services for the members of the respective Cooperative Group Housing Society.
